

We're making the water flow...

...by raising funds for WaterAid!

£65 could pay for a latrine for one family in Burkina Faso.

£1,154 could pay for a sanitation block for 200 pupils at a school in Nepal.

£100 could pay for a mason to build a well in Nigeria.

£15 enables one person in the developing world to gain access to a lasting supply of safe water, sanitation and improved hygiene.

£716 could pay to build a well with a handpump in Uganda.

£258 could pay to set up a community health committee in Tanzania.

£549 could pay to teach 200 school children about hygiene for a year in Madagascar.

We've done it!

Target

Can you help us fill the bucket?

One in eight people worldwide do not have safe water to drink. We want to make a difference to their lives by raising money for WaterAid.
