12	REST	Swim 10 minutes freestyle Continuous easy effort with 1 min rest then 5 x 50m at race effort with 30 sec recovery	REST	Swim 20 minutes freestyle Continuous easy effort	REST	XT 15 minutes easy run and stretch	Race Day. Good luck!!

THIS TRAINING PLAN, PUT TOGETHER BY OUR COACHING PARTNERS RUNNINGWITHUS, IS DESIGNED TO GET YOU TO THE START LINE OF THE SWIM FEELING PREPARED AND CONFIDENT THAT YOU CAN ACHIEVE YOUR GOAL

This 12 week improvers swimming plan is designed for those who are confident with swimming. This plan will see you training 4-5 times a week and we would encourage you to complement the swimming outline with core conditioning and cross training as outlined in our Swimming Guide

WHY TRAIN IN THIS WAY?

If you keep doing the same things over and over again you can't expect different results. This plan is designed to add variety, structure and progression to your training. It will challenge you across a range of different heart rate zones and gradually build up your ability to swim at your desired 1 mile pace

IS THIS EVERYTHING I NEED TO KNOW?

No – this plan is supported by our Swim Guide, which gives more detail on the structure of the swim sessions and top tips on nutrition and recovery to leave you fitter, stronger and more energised as you progress through your training journey

Notes: It is assumed most of your training will be undertaken in a swimming pool but if open water swimming is available this will be a useful additional training stimulus to add in to the plan. There are various swimming training aids you can use to make indoor swimming more challenging such as floats and pullbuoys, fins and paddles.

- Important note: please do a 15-minute warm-up any interval/effort session.
- Please add core conditioning, Pilates or yoga classes once or twice a week if you have time.
- Try to stretch every day for at least 10 minutes.
