## THIS TRAINING PLAN, PUT TOGETHER BY OUR COACHING PARTNERS RUNNINGWITHUS, IS DESIGNED TO GET YOU TO THE START LINE OF THE SWIM FEELING PREPARED AND CONFIDENT THAT YOU CAN ACHIEVE YOUR GOAL

This 12 week improvers swim plan is designed for those who are confident to swimming. This plan will see you training $4-5$ times a week and we would encourage you to complement the swimming outline with core conditioning and cross training as outlined in our Swimming Guide

## WHY TRAIN IN THIS WAY?

If you keep doing the same things over and over again you can't expect different results. This plan is designed to add variety, structure and progression to your training. It will challenge you across a range of different heart rate zones and gradually build up your ability to swim at your desired 5 k pace

## IS THIS EVERYTHING I NEED TO KNOW?

No - this plan is supported by our Swim Guide, which gives more detail on the structure of the swim sessions and top tips on nutrition and recovery to leave you fitter, stronger and more energised as you progress through your training journey

Notes: It is assumed most of your training will be undertaken in a swimming pool but if open water swimming is available this will be a useful additional training stimulus to add in to the plan. There are various swimming training aids you can use to make indoor swimming more challenging such as floats and pullbuoys, fins and paddles.

- Important note: please do a 15-minute warm-up any interval/effort session.
- Please add core conditioning, Pilates or yoga classes once or twice a week if you have time.
- Try to stretch every day for at least 10 minutes.
- Always eat within 20-30 minutes of finishing a swim.
- Always train at the specified efforts; don't compromise or swim too hard. Tiredness always catches up, so take extra rest if required © RunningWithUs www.runningwithus.com
