Directors' Report

For the Year Ended 31 March 2019

The directors present their report on WaterAid Australia Ltd and Controlled Entities ('The Group') for the financial year ended 31 March 2019.

The financial statements in the current year include WaterAid Australia Ltd as the parent entity and subsidiaries WaterAid Timor-Leste, WaterAid in PNG Incorporated and WaterAid Cambodia.

(a) General information

Directors

The names of the directors in office at any time during, or since the end of, the year are:

Names Appointed/Resigned

Rob Skinner Wendy Rose AM Alexandra Owens

Ann Lund

Francois Gouws

Kate MacMaster Appointed 15 August 2018

Kevin Young

Mal Shepherd

Mark Stewart Resigned 28 March 2019
Rhonda Chapman Resigned 15 August 2018
Robert Glasser Appointed 15 August 2018

Directors have been in office since the start of the financial year to the date of this report unless otherwise stated.

Principal activities

The principal activity of WaterAid Australia Ltd and Controlled Entities during the financial year was to improve access to safe water, hygiene and sanitation in the world's poorest communities. We work with partners and influence decision makers to maximise our impact.

There has been no change in our principal activity during the year.

WaterAid Australia Ltd continues to work in many countries across the world to achieve its vision of a world where everyone has access to safe water and sanitation. These include Timor-Leste, Papua New Guinea, Cambodia, Mozambique, India, Nicaragua and Myanmar. In order to engage in this work WaterAid has continued to be successful in raising funds from the Australian community, the Department of Foreign Affairs and Trade and other donors. WaterAid Australia continues to receive strong support from the Australian water industry through the hard work of volunteer committees, payroll giving and inserts into water bills.

WaterAid Australia also receives strong support from WaterAid in the UK. During the financial year, WaterAid Australia received \$599,905 from WaterAid UK (2018: \$1,063,436) predominantly to support investment in fundraising and business development.

ABN: 99 700 687 141

Directors' Report

For the Year Ended 31 March 2019

(a) General information

Short term objectives

WaterAid Australia's short term objectives are to:

- Continue to build WaterAid's reputation of providing safe water, sanitation and hygiene (WASH) programs and producing
 high quality evidence-based research and policy on WASH issues in order to influence critical decision makers such as
 government, corporate organisations and other regional stakeholders.
- Build the WaterAid brand and philanthropic fundraising with the Australian community.
- Continue to expand our operations in South East Asia and the Pacific region. We currently operate in Cambodia, Timor-Leste and Papua New Guinea.
- Continue to build a strong organisation with robust governance structures and a financially sustainable business model.

Long term objectives

The Group's long term objective:

WaterAid's vision is of a world where everyone has safe water, sanitation and hygiene. Our mission is to transform the lives
of the poorest and most marginalised people by improving access to safe water, sanitation and hygiene.

Strategy for achieving the objectives

To achieve these objectives, the Group has adopted the following strategies:

WaterAid Australia, as a member of the WaterAid International Federation, adheres to WaterAid's 7-year global strategy 2015-2022. WaterAid Australia refers to the WaterAid global strategy when it compiles its annual business plan which outlines its annual objectives and strategy for achieving these. Management reports to the Board quarterly on its progress against the business plan.

WaterAid Australia works with local partners to help communities to access safe water and sanitation and we use our experience and research to influence decision makers to do more to provide these vital services. WaterAid Australia only use practical technologies and make sure the right skills exist in communities so that they can keep working long into the future.

ABN: 99 700 687 141

Directors' Report

For the Year Ended 31 March 2019

(a) General information

Key Performance measures

The Group measures its own performance through the use of both quantitative and qualitative benchmarks. The benchmarks are used by the directors to assess the financial sustainability of the Group and whether the company's short-term and long-term objectives are being achieved.

| | FY2019 | | FY2018 | |
|---|--------|-----------|--------|-----------|
| | Actual | Benchmark | Actual | Benchmark |
| | % | % | % | % |
| Donations and gift (fundraising) income to total income | 45.1 | 43.6 | 47.2 | 48.0 |
| Restricted income (Government & Other) to total income | 54.9 | 56.4 | 52.8 | 52.0 |
| Fundraising and Communications to total expenditure | 21.9 | 20.5 | 23.0 | 24.5 |
| Administration and Accountability to total expenditure | 8.6 | 9.8 | 7.4 | 12.7 |
| International Programs to total expenditure | 67.2 | 66.4 | 65.1 | 58.3 |
| Policy and Campaigns to total expenditure | 2.3 | 3.3 | 4.5 | 4.5 |

Members guarantee

WaterAid Australia Ltd is a company limited by guarantee. In the event of, and for the purpose of winding up of the company, the amount capable of being called up from each member and any person or association who ceased to be a member in the year prior to the winding up, is limited to \$10 for members that are corporations and \$10 for all other members, subject to the provisions of the company's constitution.

At 31 March 2019 the collective liability of members was \$360 (2018: \$290).

Notes to the Financial Statements

For the Year Ended 31 March 2019

1 Summary of Significant Accounting Policies

(a) Basis of Preparation

The financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards (including Australian Accounting Interpretations), Australian Council for International Development Code of Conduct and the Australian Charities and Not-for-profits Commission Act 2012. The Group is a not-for-profit entity for financial reporting purposes under Australian Accounting Standards. Material accounting policies adopted in the preparation of these financial statements are presented below and have been consistently applied unless stated otherwise.

The financial statements, except for the cash flow information, have been prepared on an accruals basis and are based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and financial liabilities. The amounts presented in the financial statements have been rounded to the nearest dollar.

Australian Accounting Standards set out accounting policies that the AASB has concluded would result in the financial statements containing relevant and reliable information about transactions, events and conditions.

The financial statements cover WaterAid Australia Ltd (incorporated company limited by guarantee and domiciled in Australia) and the controlled entities being, WaterAid Timor-Leste, WaterAid in PNG Incorporated and WaterAid Cambodia. The directors have determined that WaterAid Australia Ltd controls WaterAid Timor-Leste, WaterAid in PNG Incorporated and WaterAid Cambodia. In the prior year, WaterAid Solomon Islands closed on 30 June 2017 and WaterAid Myanmar was handed over to WaterAid UK on 1 April 2017.

(b) Principles of Consolidation

The financial statements include the financial position and performance of controlled entities from the date on which control is obtained until the date that control is lost.

Intragroup assets, liabilities, equity, income, expenses and cashflows relating to transactions between entities in the consolidated entity have been eliminated in full for the purpose of these financial statements.

Appropriate adjustments have been made to a controlled entity's financial position, performance and cash flows where the accounting policies used by that entity were different from those adopted by the consolidated entity. All controlled entities have a March financial year end.

A list of controlled entities is contained in Note 1 (a) to the financial statements.

Subsidiaries

Subsidiaries are all entities (including structured entities) over which the parent has control. Control is established when the parent is exposed to, or has rights to variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity.

(c) Revenue and other income

Service income including government grants is recognised in the Statement of Profit or Loss and Other Comprehensive Income when the entity obtains control of the income and it is probable that the economic benefits gained from the income will flow to the entity and the amount of the grant can be measured reliably. When there are conditions attached to the service income relating to their use for specific purposes, it is recognised in the Statement of Financial Position as a liability until such conditions are met or services provided.

ABN: 99 700 687 141

Notes to the Financial Statements

For the Year Ended 31 March 2019

1 Summary of Significant Accounting Policies

(c) Revenue and other income

Revenue is recognised when the amount of the revenue can be measured reliably, it is probable that future economic benefits associated with the transaction will flow to the entity and specific criteria relating to the type of revenue as noted below, has been satisfied.

Interest revenue is recognised on a proportional basis taking into account the interest rates applicable to the financial assets.

Donations are recognised as revenue when received.

Bequest donations are recognised when the funds are received.

Other revenue is recognised when the right to receive the revenue has been established.

The organisation has implemented controls over receipting, banking and recording of fundraising and donation revenue. There remains an inherent risk associated with cash revenue received by the organisation. The Board believe that they have implemented sufficient controls to ensure that no material value of fundraising and donation revenue is missed from the financial statements.

All revenue is stated net of the amount of goods and services tax (GST).

No revenue was raised or expended on any international political or religious proselytisation program.

(d) Plant and Equipment

Each class of plant and equipment is carried at cost or fair value less, where applicable, accumulated depreciation and impairment losses.

Plant and equipment

Plant and equipment are measured at cost. Plant and equipment are measured on the cost basis and are therefore carried at cost less accumulated depreciation and any accumulated impairment losses. In the event the carrying amount of plant and equipment is greater than the estimated recoverable amount, the carrying amount is written down immediately to the estimated recoverable amount and impairment losses are recognised either in profit or loss or as a revaluation decrease if the impairment losses relate to a revalued asset. A formal assessment of recoverable amount is made when impairment indicators are present (refer to Note 1(f) for details of impairment).

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are recognised as expenses in profit or loss in the financial period in which they are incurred.

Plant and equipment that have been contributed at no cost or for nominal cost are recognised at the fair value of the asset at the date it is acquired.

ABN: 99 700 687 141

Notes to the Financial Statements

For the Year Ended 31 March 2019

1 Summary of Significant Accounting Policies

(d) Plant and Equipment

Depreciation

The depreciable amount of all plant and equipment, is depreciated on a straight-line method over the asset's useful life to the group entities commencing from the time the asset is available for use.

The depreciation rates used for each class of depreciable asset are shown below:

| Fixed asset class | Depreciation rate |
|----------------------------------|-------------------|
| Plant and Equipment | 20-33.3% |
| Furniture, Fixtures and Fittings | 20-33.3% |
| Vehicles | 33.3% |
| Computer Hardware | 20-33.3% |

Vehicles are held and used in Timor-Leste, Papua New Guinea and Cambodia and are depreciated over a three year expected useful life.

At the end of each annual reporting period, the depreciation method, useful life and residual value of each asset is reviewed. Any revisions are accounted for prospectively as a change in estimate. Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains or losses are recognised in profit or loss in the period in which they arise. When revalued assets are sold, amounts included in the revaluation surplus relating to that asset are transferred to retained surplus.

(e) Leases

Lease payments for operating leases, where substantially all of the risks and benefits remain with the lessor, are charged as expenses on a straight-line basis over the life of the lease term.

(f) Impairment of Assets

At the end of each reporting period, the entity reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have been impaired. If such an indication exists, the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, is compared to the asset's carrying amount. Any excess of the asset's carrying amount over its recoverable amount is recognised in profit or loss.

Where the future economic benefits of the asset are not primarily dependent upon the asset's ability to generate net cash inflows and when the entity would, if deprived of the asset, replace its remaining future economic benefits, value in use is determined as the depreciated replacement cost of an asset.

Where it is not possible to estimate the recoverable amount of an asset's class, the entity estimates the recoverable amount of the cash-generating unit to which the class of assets belong.

Where an impairment loss on a revalued asset is identified, this is recognised against the revaluation surplus in respect of the same class of asset to the extent that the impairment loss does not exceed the amount in the revaluation surplus for that class of asset.

ABN: 99 700 687 141

Notes to the Financial Statements

For the Year Ended 31 March 2019

1 Summary of Significant Accounting Policies

(g) Employee benefits

Short-term employee provisions

Provision is made for the Group's obligation for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

Other long-term employee provisions

Provision is made for employees' long service leave and annual leave entitlements not expected to be settled wholly within 12 months after the end of the annual reporting period in which the employees render the related service.

The Group's obligations for long-term employee benefits are presented as non-current employee provisions in its statement of financial position, except where the Group does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions. Contributions are made by the entity to an employee superannuation fund and are charged as expenses when incurred.

(h) Cash and cash equivalents

Cash and cash equivalents include cash on hand, deposits held at call with banks, other short-term highly liquid investments with original maturities of three months or less, and bank overdrafts.

(i) Goods and Services Tax (GST)

Revenue, expenses and assets are recognised net of the amount of goods and services tax (GST), except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST. The net amount of GST recoverable from, or payable to, the ATO is included as part of receivables or payables in the statement of financial position.

Cash flows in the statement of cash flows are included on a gross basis. The GST component of cash flows arising from investing and financing activities, which are recoverable from or payable to the ATO, are presented as operating cash flows included in receipts from customers or payments to suppliers.

ABN: 99 700 687 141

Notes to the Financial Statements

For the Year Ended 31 March 2019

1 Summary of Significant Accounting Policies

(j) Income Tax

No provision for income tax has been raised as WaterAid Australia Ltd is exempt from income tax under Div 50 of the *Income Tax Assessment Act 1997*.

WaterAid Australia Ltd is registered with the Australian Charities and Not-for-profit Commission as a Public Benevolent Institution and operates WaterAid Australia Overseas Aid Fund which holds deductible gift recipient status.

WaterAid Cambodia is exempt from income tax under a memorandum of understanding with the Royal Government of Cambodia.

WaterAid Timor-Leste is exempt from income tax by the virtue of the National Directorate of Domestic Revenue Timor-Leste

WaterAid in PNG is exempt from income tax under Section 25 of the Income Tax Act.

(k) Intangible Assets

Software and other intangible assets are recorded at cost. They have been assessed as having a finite life and are carried at cost less any accumulated amortisation and impairment losses. They have an estimated useful life of between one and five years and are assessed annually for impairment.

(I) Provisions

Provisions are recognised when the Group has a legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured. Provisions recognised represent the best estimate of the amounts required to settle the obligation at the end of the reporting period.

(m) Comparative Amounts

Comparatives are consistent with prior years, unless otherwise stated.

(n) Critical accounting estimates and judgments

The directors make estimates and judgements incorporated into the financial statements based on historical knowledge and best available current information. Estimates assume a reasonable expectation of future event and are based on current trends and economic data, obtained both externally and within the Group. The significant estimates and judgements made have been described below:

Key estimates - impairment

The Group assesses impairment at each reporting date by evaluating conditions specific to the Group that may lead to impairment of assets. Where an impairment trigger exists, the recoverable amount of the asset is determined. Fair value less costs to sell or current replacement cost calculations performed in assessing recoverable amounts incorporate a number of key estimates.

ABN: 99 700 687 141

Notes to the Financial Statements

For the Year Ended 31 March 2019

1 Summary of Significant Accounting Policies

(n) Critical accounting estimates and judgments

Key judgments - Employee benefits

For the purpose of measurement, AASB 119: Employee Benefits defines obligations for short-term employee benefits as obligations expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related services. The Group expects most employees will take their annual leave entitlements within 24 months of the reporting period in which they were earned, but this will not have a material impact on the amounts recognised in respect of obligations for employees' leave entitlements.

(o) Accounts Payable and Other Payables

Accounts payable and other payables represent the liability outstanding at the end of the reporting period for goods and services received by the Group during the reporting period which remain unpaid. The balance is recognised as a current liability with the amounts normally paid within 30 days of recognition of the liability.

(p) Economic dependence

The Group is dependent on the Government for the majority of its revenue used to operate the business. At the date of this report, the directors have no reason to believe that the Government will not continue to support the Group.

(q) New Accounting Standards for Application in Future Periods

The AASB has issued a number of new and amended Accounting Standards that have mandatory application dates for future reporting periods, some of which are relevant to the company. The directors have decided not to early adopt any of the new and amended pronouncements. Their assessment of the pronouncements that are relevant to the company but applicable in future reporting periods is set out below:

AASB 15: Revenue from Contracts with Customers (applicable to annual reporting periods beginning on or after 1 January 2019)

When effective, this Standard will replaces components of AASB 111 Construction Contracts, AASB 118 Revenue and AASB 1004 Contributions. AASB 15 could significantly change the pattern of revenue and profit recognition and internal budgeting processes.

Although the directors anticipate that the adoption of AASB 15 will impact the company's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

AASB 16: Leases (applicable to annual reporting periods beginning on or after 1 January 2019)

When effective, this Standard will replace the current accounting requirements applicable to leases in AASB 117: Leases and related Interpretations. AASB 16 introduces a single lessee accounting model that eliminates the requirement for leases to be classified as operating or finance leases.

ABN: 99 700 687 141

Notes to the Financial Statements

For the Year Ended 31 March 2019

1 Summary of Significant Accounting Policies

(q) New Accounting Standards for Application in Future Periods

The main changes introduced by the new Standard are as follows:

- recognition of a right-of-use asset and liability for all leases (excluding short-term leases with less than 12 months
 of tenure and leases relating to low-value assets);
- depreciation of right-of-use assets in line with AASB 116: Property, Plant and Equipment in profit or loss and unwinding of the liability in principal and interest components;
- inclusion of variable lease payments that depend on an index or a rate in the initial measurement of the lease liability using the index or rate at the commencement date;
- application of a practical expedient to permit a lessee to elect not to separate non-lease components and instead account for all components as a lease; and
- inclusion of additional disclosure requirements.

The transitional provisions of AASB 16 allow a lessee to either retrospectively apply the Standard to comparatives in line with AASB 108: Accounting Policies, Changes in Accounting Estimates and Errors or recognise the cumulative effect of retrospective application as an adjustment to opening equity on the date of initial application.

Although the directors anticipate that the adoption of AASB 16 will impact the company's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

AASB 1058: Income of Not-for-Profit Entities (applicable to annual reporting periods beginning on or after 1 January 2019).

This Standard is applicable to transactions that do not arise from enforceable contracts with customers involving performance obligations.

The significant accounting requirements of AASB 1058 are as follows:

- Income arising from an excess of the initial carrying amount of an asset over the related contributions by owners, increases in liabilities, decreases in assets and revenue should be immediately recognised in profit or loss. For this purpose, the assets, liabilities and revenue are to be measured in accordance with other applicable Standards.
- Liabilities should be recognised for the excess of the initial carrying amount of a financial asset (received in a transfer to enable the entity to acquire or construct a recognisable non-financial asset that is to be controlled by the entity) over any related amounts recognised in accordance with the applicable Standards. The liabilities must be amortised to profit or loss as income when the entity satisfies its obligations under the transfer.

An entity may elect to recognise volunteer services or a class of volunteer services as an accounting policy choice if the fair value of those services can be measured reliably, whether or not the services would have been purchased if they had not been donated. Recognised volunteer services should be measured at fair value and any excess over the related amounts (such as contributions by owners or revenue) immediately recognised as income in profit or loss.

The transitional provisions of this Standard permit an entity to either: restate the contracts that existed in each prior period presented in accordance with AASB 108 (subject to certain practical expedients); or recognise the cumulative effect of retrospective application to incomplete contracts on the date of initial application. For this purpose, a completed contract is a contract or transaction for which the entity has recognised all of the income in accordance with AASB 1004: Contributions. Although the directors anticipate that the adoption of AASB 1058 may have an impact on the company's financial statements, it is impracticable at this stage to provide a reasonable estimate of such impact.

ABN: 99 700 687 141

Notes to the Financial Statements

For the Year Ended 31 March 2019

2 Expenses from ordinary activities

| | 2019 | 2018 |
|-------------------------------------|-----------|-----------|
| | \$ | \$ |
| Employee benefits expense | 4,679,703 | 3,854,098 |

(b) Credit risk - Trade and Other Receivables

The Group does not have any material credit risk exposure to any single receivable or group of receivables. The main source of credit risk to the Group is considered to relate to the class of assets described as "trade and other receivables".

The following table details the Group's trade and other receivables exposure to credit risk (prior to collateral and other credit enhancements) with ageing analysis and impairment provided for thereon. Amounts are considered as 'past due' when the debt has not been settled, within the terms and conditions agreed between the Group and the customer or counter party to the transaction. Receivables that are past due are assessed for impairment by ascertaining solvency of the debtors and are provided for where there is objective evidence indicating that the debt may not be fully repaid to the Group.

16 Financial Risk Management

Objectives, policies and processes

The Group's financial instruments consist mainly of deposits with banks, accounts receivable and payables.

Risk management is carried out by the Group's Finance, Audit and Risk Management Committee under the delegated power from the Board of Directors. The Committee has primary responsibility for the development of relevant policies and procedures to mitigate the risk exposure of the Group, these policies and procedures are then approved by the risk management committee and tabled at the board meeting following their approval. Reports are presented at each Board meeting regarding the implementation of these policies and any risk exposure which the Risk Management Committee believes the Board should be aware of.

There have been no substantive changes in the types of risks the Group is exposed to, how these risks arise, or the board's objectives, policies and processes for managing or measuring the risks from the previous period. Specific information regarding the mitigation of each financial risk to which the Group is exposed is provided below.

Credit risk

Exposure to credit risk relating to financial assets arises from the potential non-performance by counterparties of contract obligations that could lead to a financial loss for the Group. The Group does not have any material credit risk exposures as its major source of revenue is the receipt of grants.

The maximum exposure to credit risk by class of recognised financial assets at the end of the reporting period is equivalent to the carrying amount and classification of those financial assets (net of any provisions) as presented in the statement of financial position. Accounts receivable and other debtors that are neither past due nor impaired are considered to be of high credit quality. The Group has no significant concentrations of credit risk exposure to any single counterparty or group of counterparties.

ABN: 99 700 687 141

Notes to the Financial Statements

For the Year Ended 31 March 2019

16 Financial Risk Management

Liquidity risk

Liquidity risk arises from the possibility that the Group might encounter difficulty in settling its debts or otherwise meeting its obligations in relation to financial liabilities. The Group manages this risk by monitoring forecast cash flows.

Market risk

(a) Foreign Currency Risk

The Group is not exposed to fluctuations in foreign currencies other than in respect of its overseas operations in the following foreign currencies:

- Timor Leste and Cambodia in US dollars,
- PNG in Kina, and
- WaterAid UK in GBP

(b) Interest rate risk

Exposure to interest rate risk arises on financial assets and financial liabilities recognised at the end of the reporting period whereby a future change in interest rates will affect future cash flows or the fair value of fixed rate financial instruments. The Group also manages interest rate risk by ensuring that, whenever possible, payables are paid within any pre-agreed credit terms.

(c) Net Fair Values

The aggregate net fair value of financial assets and financial liabilities approximate their carrying amounts as disclosed in the Statement of Financial Position and in the Notes to the Financial Statements.

The carrying amounts for each category of financial instruments, measured in accordance with AASB 139 as detailed in the accounting policies to the financial statements are as follows:

| | 2019 \$ | 2018 \$ |
|-----------------------------|------------|------------|
| Financial Assets | * | • |
| Cash and cash equivalents | 5,808,890 | 5,736,855 |
| Trade and other receivables | 1,017,016 | 1,187,170 |

17 Members' Guarantee

The Company is incorporated under the Corporations Act 2001 and is a company limited by guarantee. If the company is wound up, the constitution states that each member is required to contribute a maximum of \$10 each towards meeting any outstandings and obligations of the company. At 31 March 2019 the number of members was 36 (2018: 37).

18 Company Details

The registered office of and principal place of business of the company is: WaterAid Australia Ltd Level 9, 176 Wellington Parade, East Melbourne, VIC 3002 Australia

ABN: 99 700 687 141

Directors' Declaration

The directors of the Company declare that:

- The consolidated financial statements and notes of WaterAid Australia Ltd for the year ended 31 March 2019 are in accordance with the Australian Council for International Development Code of Conduct and the Australian Charities and Not-for-profit Commission Act 2012, including:
 - a. complying with Australian Accounting Standards, the Australian Council for International Development Code of Conduct and the Australian Charities and Not-for-profit Commission Regulations; and
 - b. giving a true and fair view of the financial position as at 31 March 2019 and of its performance for the financial year ended on that date;
- 2. In the directors' opinion, there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

ABN: 99 700 687 141

Independent Audit Report to the members of WaterAid Australia Ltd and Controlled Entities

Opinion

We have audited the accompanying financial report, being a general purpose financial report of WaterAid Australia Ltd and Controlled Entities (the Company), which comprises the statement of financial position as at 31 March 2019, the statement of profit or loss and other comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, and the directors' declaration.

In our opinion, the accompanying financial report of the Company is in accordance with the Australian Council for International Development Code of Conduct and the Australian Charities and Not-for-profits Commission Act 2012 (ACNC Act), including:

- (i) giving a true and fair view of the Company's financial position as at 31 March 2019 and of its financial performance for the year ended; and
- (ii) complying with Australian Accounting Standards, the Australian Council for International Development Code of Conduct and the Australian Charities and Not-for-profits Commission Regulations 2013.

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Australian Charities and Not-for-profits Commission Act 2012 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We confirm that the independence declaration required by the *Corporations Act 2001*, which has been given to the directors of the Company, would be in the same terms if given to the directors as at the time of this auditor's report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 1(c) to the financial report, which describes the revenue recognition policy of the Group, including the limitations that exist in relation to the recording of cash receipts from fundraising activities. Revenue from this source represents a significant proportion of Group revenue. Our opinion is unmodified in respect of this matter.

Independent Audit Report to the members of WaterAid Australia Ltd and Controlled **Entities**

Responsibilities of Directors for the Financial Report

The directors of the Company are responsible for the preparation and fair presentation of the financial report in accordance with Australian Accounting Standards, the Australian Council for International Development Code of Conduct and the ACNC Act. The directors' responsibility also includes such internal control as the directors determine necessary to enable the preparation of a financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Company or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the registered entity's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report.

As part of an audit in accordance with Australian Auditing Standards we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstance, but not for the purpose of expressing an opinion on the effectiveness of the registered entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

Independent Audit Report to the members of WaterAid Australia Ltd and Controlled **Entities**

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting, and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
