

## Conker game rules

---

Life-giving  
bottles  
Harvest 2017

This is a two player game where each player has a conker threaded on a piece of string or shoelace. The aim is to take it in turns to hit each other's conkers until there is only one left.

1. To begin, an adult should drill a hole through two conkers, or make a neat hole using a screw or nail.
2. Thread a shoelace or piece of string through each hole and secure with a knot.
3. You're now ready to start playing! Player one should hold out the end of the string with the conker attached at arm's length so the conker dangles down. The string can be wrapped round their hand to avoid it being dropped. Their conker is now ready to be hit.
2. Player two should also wrap the string around their hand, draw the conker back and let go of the conker taking aim at player one's conker.
3. It is now player one's turn to take aim and try to hit player two's conker.
4. Continue like this until one conker has been knocked off the string.
5. Whoever has a conker left at the end is the winner.
