

Use this handy template to transform your pupils into Water Warriors!

How to make your shield:

- Print this template as an A3 sheet. Ask the pupils to stick the template to their cardboard box or paper plate, and carefully cut around the edge.
- Decorate the shield with all things blue and watery!
- Once the shield is decorated, cut an additional cardboard strip.
- Glue either end of the strip to the back of the shield in an arch shape to create a handle.
