

Your fundraising toolkit

Setting up your WaterAid fundraising page

Thank you for fundraising for WaterAid!

Together, we can make clean water, decent toilets and good hygiene normal for everyone, everywhere. Here are our tips for making a big impact with your online fundraising page.

Make it personal

Set up your **JustGiving** page and edit the blurb to tell your fundraising story. Statistics show that a personalised fundraising page receives donations!

Add a photo of yourself, set a fundraising target and tell your donors what your event or challenge means to you.

Why WaterAid?

Let your supporters know why you're supporting WaterAid. Tell them about the water and sanitation crisis, and all the work we're doing to make change happen. Learn more about **what we do** on our website.

Tell the world!

Start sharing your fundraising page on social media, if you use it, and email it round at work and to friends and family. Give it a unique spin by writing about how tough your challenge is, or what it means to you personally. Don't be shy about sharing your page around more than once – you can't guarantee that everyone will have seen it the first time.

Now your page is all set up, it's time to start making change happen! If you need any help or resources, get in touch with us on events@wateraid.org or **020 7793 4594**. You can also connect with us on **Facebook**, **Twitter**, **Instagram** and **TikTok**.

£15

could pay for a 25mm water supply distribution pipe in Zambia

£30

could pay for a handwashing facility for one family in Mali

£50

could pay for the training of one person to maintain water pump in Nepal
